

## Degenerative disc diseases and role of homoeopathic treatment

**Jitesh Sharma**

JDS Homoeopathic Hospital, India

### Abstract

Degenerative disc disease is one of the most common causes of low back and neck pain degenerative disc disease refers to symptoms of back or neck pain caused by wear-and-tear on a spinal disc. In some cases, degenerative disc disease also causes weakness, numbness, and hot, shooting pains in the arms or legs (radicular pain). We present 6 different case studies patients suffering from degenerative disc diseases Lumbarization, Disc bulging, Lumbar spondylosis, Bilateral Cervical Spondylosis, Lumbar canal stenosis, Anterolisthesis each case has been treated uniquely and Constitutional Homoeopathic treatment is given through individualization method.
